Note

- Quantities shown are approximate and are given for estimating purpose only. Actual job site coverage may be vary.
- It is always good practice when calculating coverage to allow for 10-15 % additional materials for wastage and spoilage.
- Verify actual appearance and compatibility with a test area before installation commences.
- Actual shade and texture will depend on job site conditions.
- There may be a shade variation in different batches. It is advised to mix grout from different batches to get uniform colour.

*Colour shown in this shade card are for indication purpose only, Slight variation may occur.
